

PLEASE delete layer 1 and template text layers before submitting your files.

1. Make sure all colors for the front are in CMYK format
2. All colors for the back should be in grayscale unless you are doing full color 2 sided cards.
3. Name your file with the 4-8 letters of your company or last name.
eg. mynamebcf.pdf for front of biz cards mynamebcb.pdf for the back of biz cards
4. You can also preview a color chart at www.coloritprinting.com/colourbar.jpg

Card cuts to these blue lines. 

 Set type inside black lines.

 Bleed must extend to outer black lines.
